SUMMARY

4th-year Computer Science student at Baku Engineering University with strong Java backend skills. Motivated to gain practical experience via remote or onsite internships. Ready to dedicate full days to coding, learning, and contributing to real projects.

EDUCATION

Baku Engineering University
Bachelor of Technology in Computer Science

Khirdalan, Baku
Sep 2022 – Jun 2026

Turing Academy
Backend Development with Java

Baku, Azerbaijan
Feb 2025 – Oct 2025

EXPERIENCE

Open Source Contributor
GitHub Projects

Jun 2025 – Aug 2025
Remote

- Fixed bugs, improved docs, and built Java utilities with Spring Boot, JDBC, REST APIs, and Git; several pull requests merged into active repos.
- Collaborated via pull requests and code reviews, ensuring clean architecture and better code quality.

PROJECTS

Portfolio Website ([Live Demo](#))
Personal Project

HTML, CSS, JavaScript
2025

- Showcases my backend and full-stack projects with clear, professional presentation.

Hotel Management System ([GitHub](#))
Backend Developer

Java, Spring Boot, Docker, Swagger
2025

- Built backend for hotel bookings and customer management, reducing manual work.

Book Store Management System ([GitHub](#))
Backend Developer

Java, Spring Boot, Docker, Lombok
2025

- Developed console app for efficient book management and inventory tracking.

TECHNICAL SKILLS

Languages: Java, SQL (PostgreSQL, MySQL), JavaScript, Python (Basic)

Frameworks: Spring Boot, JDBC, Swagger

Tools: Git, Docker, Debugging

Web: HTML, CSS

SOFT SKILLS

Teamwork, Problem-Solving, Time Management, Self-Motivation, Adaptability, Researching

CERTIFICATES

Java Backend Development — Turing Academy (2025)

Java Developer — Hyperskills JetBrains Academy (2025)

English Advanced (C1) — ABA English (2025)

LANGUAGES

Azerbaijani (Native)
English (Advanced)
Turkish (Native)
